

Environmental Policy

Chrystal Petroleum Co Ltd recognise that we have a responsibility to care for and protect the environment in which we operate. We are fully committed to improving environmental performance across all of our business activities.

Chrystal Petroleum recognises our key impact to be in the areas of:

- Energy use
- Raw material use
- Waste generation
- Emissions to air/water
- Water use
- Transport
- Procurement

We strive to:

- Adopt the highest environmental standards in all areas of operation, meeting and exceeding all relevant legislative requirements.
- Assess our organisational activities and identify areas where we can minimise impacts.
- Minimise waste through efficient use of materials and energy, recycle where applicable.

- Train employees in good environmental practices and encourage employee involvement in environmental action.
- Reduce risks from environmental, health and safety hazards for employees and others within the vicinity of our operations.
- Adopt an environmentally sound transport strategy.
- Aim to include environmental and ethical considerations in investment decisions where appropriate.
- Assist in developing solutions to environmental issues.
- Continually assess the environmental impact of operations.
- Communicate this policy to our staff, suppliers and seek their help to implement and maintain it.

Chrystal Petroleum Co Ltd will annually review all objectives.
